## What to Consider Before Sub-leasing

### Learning Resources Guide

Are you frustrated because your clinic location didn't turn out to be as good as you expected?

Or maybe you couldn't recruit those extra physicians or healthcare providers that you had planned?

You might be dealing with changes to your business plan, for example

- your location isn't as ideal as you had planned
- changes in your business ownership
- revenue forecasts not as good as expected and your business space needs to work harder for you now
- considering sub-leasing your space for just a few days a week or long term
